

Sept. 21st 1926.

J. M. Pfeiffer Esq?

Submit following for Tuesday the 21st day of
Sept. 1926.

Arrived at Bond Brook^{ns} at 11:30 AM, arrived at
Somerville at 1:45 PM. looked town over to get my bearings. found
they had no witnesses during afternoon, but at 7:45 Mr H, Mrs
Beetman and 3 other ladies came out of County Jail accompanied
by a Gentleman wearing glasses and mustache. colored Sedan
having license # K 134 N.J., camped among the reporters while
hanging around, and from Conversation's overheard, the following.

That Simpson has not one witness who either heard
any out cry nor any shots fired, and he was making
a lot of noise, also from information and belief I
do not take much stock in the gun story they are
springing. no chance of getting near Simpson
office; today looked the place over and, if I
cannot make out better by Friday, I will change
plans as I ~~am~~ am sure to catch a party Saturday
who I feel confident can arrange matters for
me of inside information, and know I will
be safe in spring him thru a party whom
he must be clean with dealing with me.

Trusting to be able to inform
you of better results when I see you Saturday
as I do not wish to write again with out
something is very important, would if
you suggest, see Mr C after 12th at night
at his house, and save time.
